Integrate
with your
Applications

For most businesses, onboarding, training, and alignment get harder the more people are added to the team. So we built a solution with you in mind.

Playbooks

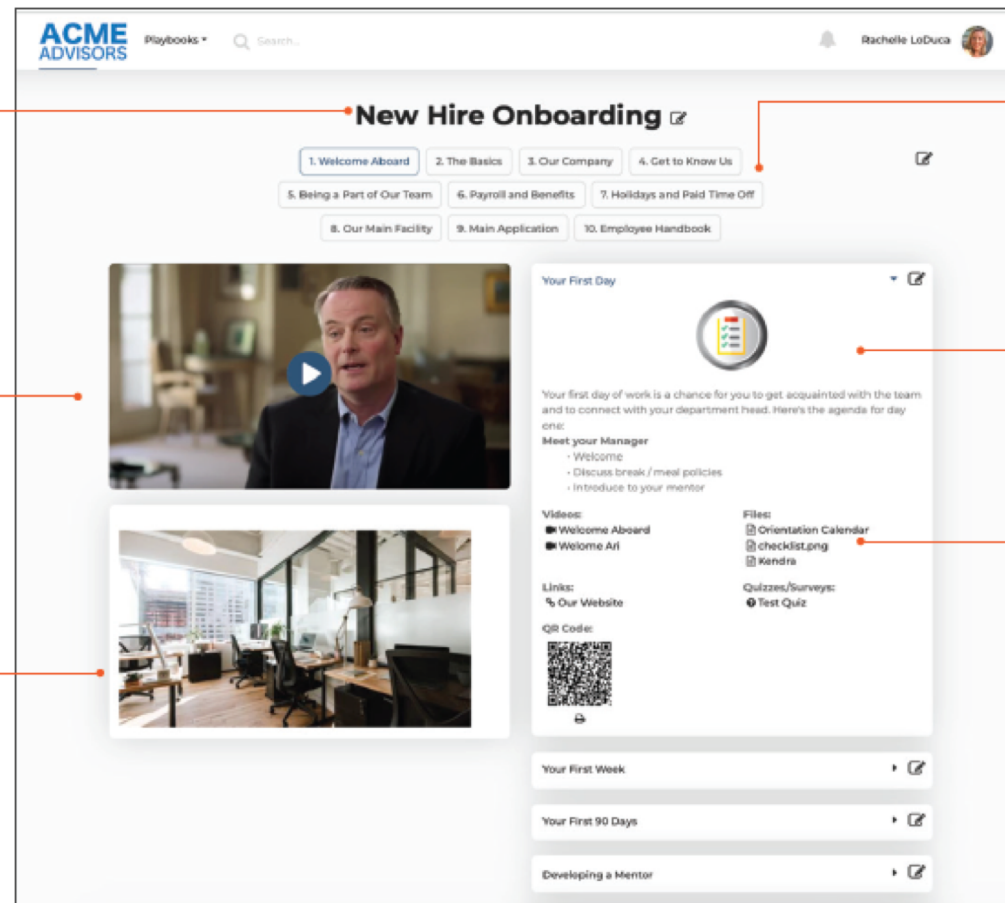

A Playbook is a Core Process or a collection of processes within a team or department.

Video Training

Easily upload or record a video to explain, demonstrate, or role model your training.

Upload images, photos & graphics

Include images and photos that support your team members and their training.

Processes/ Training Modules

A process is a step-by-step method within a playbook.

Steps

A step is a single action or part of the process.

Files, weblinks, QR codes, quizzes & surveys

Upload files, include website links, and create QR Codes for training on physical machinery. Include custom quizzes and surveys throughout your playbook.

The Playbook Creation Process ^(TM)

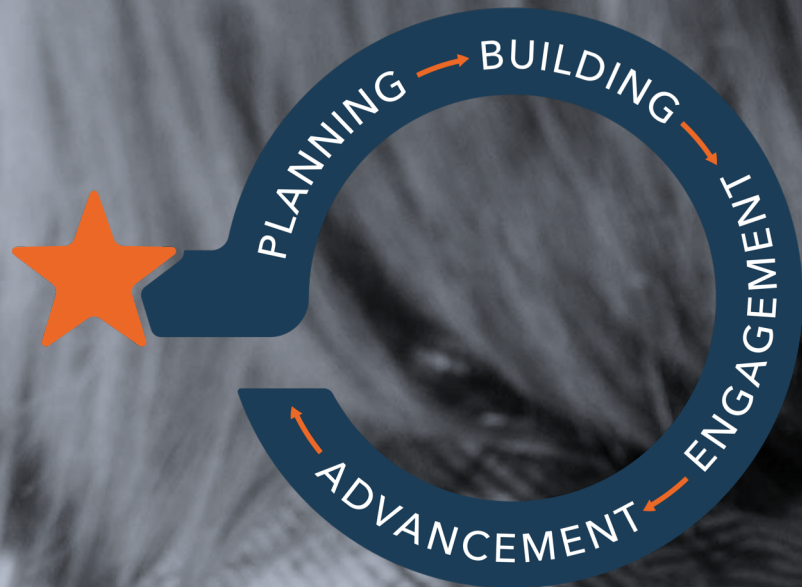

A six-step, one-on-one coaching solution to tackle process
